

NorthEast Baseball inc.

Northern Stars Elite Tournament Team

Mission Statement

The Northern Stars tournament team will focus its efforts on developing the competitive playing skills and team leadership characteristics necessary for success as youth players transition from little league to high school and collegiate level baseball in the future.

The Northern Stars emphasizes professional head coaching leadership as part of both practice training and in-game play to better prepare players versus the traditional parent coach-only paradigm predominantly found in the Northeast.

The Northern Stars program requires players who demonstrate a true love and aptitude for the game; a desire for a disciplined and professional learning experience; and, a team-first attitude on and off the field as they will represent not only themselves, but the Northern Stars-Barnstorming Baseball-NorthEast Baseball program and its *Bat for the Cure* charitable cause.

Training Philosophy

“I PLAY”SM

- **I**nspire great play
- **P**rofessional
- **L**asting impact
- **A**ctive body & mind
- **Y**outhful awareness
